## **1** Instruction

The ALE DeviceX is a PC tool for managing the AH80 Bluetooth headset and dongle, including features such as pairing and firmware updates. This guide provides you with instructions on how to use the ALE DeviceX. You should download and install the ALE DeviceX on your computer first. After the AH80 Bluetooth headset or AH80 dongle is connected to your computer via USB, you can manage the device on the ALE DeviceX.

# **2** Installing the ALE DeviceX

You can download the ALE DeviceX installation package from <u>https://www.aledevice.com/site/download</u>.

Note:

- The ALE DeviceX only supports installation on Windows 10 and Windows 11 OS.
- Need to connect AH80 headset to PC with USB cable.
- Only support one AH80 headset at one time.
- Not able to get the AH80 headset firmware version.

#### Procedure

1. Double click the installation package ALE DeviceX.

	Firmware Upgrade	

# **3.2 Device Paring**

The ALE DeviceX can be used to pair the AH80 Bluetooth headset with AH80 dongle.

#### Procedure

1. Click Pairing.

Click Search to search for available devices.
 You need to put the Bluetooth headset you want to pair into pairing mode first.

- Choose the device you want to pair with and click Connect.
   After the connection is successful, the Connect button will change to Disconnect.
- 4. Click **Disconnect** to disconnect.

After the disconnection is successful, the Disconnect button will change to Connect.

# **3.3 Device Update**

You can download the firmware for AH80 Bluetooth headset and AH80 dongle from the ALE website and update manually on ALE DeviceX.

### Procedure

1. Click Updates.

Updates	ALE DeviceX	- 🗆 X
Devices	AH80 Bluetooth headset	Update Now
	AH80 Dongle Firmware version:1.10.15	Update Now
	Updates Devices	ALE DeviceX Updates Devices AH80 Bluetooth headset AH80 Dongle Firmware version:1.10.15

- 2. Choose the device you want to update and Click **Update Now**.
- 3. Select the firmware from your local system to update.

Device	Updates	ALE DeviceX	- 🗆 X
Pairing	Devices	AH80 Bluetooth headset	) 10%
Updates (1) About		AH80 Dongle Firmware version:1.10.15	Update Now

4. It will take a few minutes to update.

## 3.4 About
